RE: Scott Brown's Excellent Safety Performance on LAUSD Jobsite~  
South Region Elementary School #7

Eberhard SMC  
15228 Raymer Street  
Van Nuys, CA 91405

Dear Eberhard SMC:

We are pleased to inform you that Scott Brown has received safety recognition at our Los Angeles Unified School District (LAUSD) construction site for exemplifying excellence in safety behavior. The LAUSD New Construction Program believes that safety is the highest priority in constructing schools in LA and your employee has helped us in leading by example.

The Los Angeles Unified School District, New Construction Safety Department, in association with Liberty Mutual Insurance, has rewarded your employee with \$100.00 cash and a Certificate of Recognition in front of all jobsite peers. The General Contractor responsible for jobsite safety has identified your employee as being one of the most safety-conscientious on the jobsite over the past several months. We would encourage you to recognize your employee within your own organization as well.

LAUSD appreciates your company's partnership with us in safety and sharing with us in our motto *"We Build On Safety!"* by frequently rewarding and recognizing employees with excellent safety behavior.

Congratulations.

Sincerely,

  
David Livingston  
LAUSD New Construction Safety Director

*No public tax dollars are used to fund the Rewards & Recognition Program.*
